

C. N. R. GRADERS HERE

LAYING FOUR MILES OF TRACK PER DAY

The Ft Saskatchewan Bridge to be Built Inside of two Months—Grading to be Done North of the City

The C.N.R. grading outfits are in the city, Fred Monnix arrived this morning with twelve teams and twenty men. Six more teams are to join him tomorrow morning. His gang went to the west end of the city to camp. They began work at the west end and work east, grading the siding at the station, then they have the contract for grading two and a half miles north as it is the intention to begin the construction of the road to St. Albert and Morinville at once.

A. Musson's gang began at the east end of the city this morning and are working east. McArthur's gang number two is at work at the hot ranch about two miles out.

The grading gangs in the Vegreville district are completing their work and they will then move in here and go on with the work west and north of the city.

Canada's second national railway will soon be a reality. The track laying gangs are working in two shifts, eight hours each, and laying four miles of track per day. During ten days they have laid as much as 54 miles of track, which is a pretty good record in railway building.

This present year will see a daily express and passenger service to Edmonton over the C.N.R. and it will be the most generally welcomed thing that has happened in this city for a long time.

Mr. J. G. Oliver of Battleford, began this morning to raft the timber down the river for the C. N. R. bridge at Fort Saskatchewan. He will have the timber down in about two weeks and six weeks later they expect the temporary bridge will be completed across the river. The work is being hurried as quickly as possible so that construction trains will be able to cross the river as soon as they reach it.

No effort is being spared to get the C. N. R. line into Edmonton this fall and it is now an assured fact. The Canadian Northern is making a reputation for itself in the matter of railway construction and its first train will be royally welcomed to this city. Not a day is being lost now, the work is going on smoothly and rapidly.

INAUGURAL PROGRAM

The program for the inaugural celebration has been arranged about as follows. On Thursday evening, August 31st a grand concert will be held in the rink with a reception for the city's distinguished visitors at its close.

On Friday morning the procession will form at about 9:30 and march to the exhibition park. At 10:30 an address from the citizens of Edmonton will be presented by the Mayor to the Governor-General, to which he will reply.

The Lieutenant-Governor will then be sworn in, and immediately afterwards will also be presented with a civic address by the mayor, and he will respond to the same.

Then will follow addresses by other distinguished visitors, after which an adjournment will be made for luncheon.

The afternoon will be spent witnessing games of polo, base ball, lacrosse and horse races. Any of the city's guests who wish to be driven around the city or into the country will be accorded the necessary attention.

In the evening the celebration will wind up with a grand ball in the rink at which all the city's guests will be present.

The program is a somewhat elaborate one and arrangements are being made for carrying it out in a most complete manner. The committees are all working diligently and vying with each other as to the efficiency of their work.

SENATOR WARK DEAD

WORLD'S OLDEST LEGISLATOR

Saskatoon Wants the G.T.P.—Western Itinerary of the Vice-Regal Party

Ottawa, Aug. 20.—Chas. Thos. Baur, an engraver, aged 19, was drowned yesterday afternoon while bathing at Skead's Mills, Lake Deschene. Senator Wark the oldest legislator in the British empire, died at Fredericton this morning in his one hundred and second year. Upon completing his one hundredth birthday last year he was presented with an oil painting of himself, which hangs in the Senate lobby. He is noted for having as early as 1847 proposed a resolution favoring free trade between British Colonies.

J. Lamont, M.P., of Prince Albert, is here with a deputation on the way to Montreal to ask that the new transcontinental run through Saskatoon. After interviewing the G. T. P. officials they will wait on Sir Wilfrid Laurier.

Earl and Countess Grey will attend the inaugural ceremonies of Saskatchewan and Alberta and afterwards remain in Manitoba and the Northwest until the middle of October. After leaving Regina the vice-regal party will rest at Banff three days. Afterwards his Excellency will inspect the irrigation canal, coal fields at Lethbridge, Mormon settlement at Cardston, spend three days' shooting at Poplar Point and remain a week in Winnipeg.

G.T.P. PURCHASE

Mr. Robert Inglis, of Montreal, representing the Edmonton street railway is in the city. It is understood that the company is not going to make an effort to begin construction of the railway. It is rumored that Mr. James Carruthers of Montreal, has purchased the Great Estate for the Grand Trunk Pacific, and the land may be used for terminal facilities for the G. T. P. in this city.

A FIRE SCARE

A dense cloud of black smoke from the rear of Bond's new building on Jasper avenue, caused a fire alarm to be run in about 9:30. A kettle of tar boiling for roofing purposes had caught fire, and in endeavoring to remove a pall of tar it was upset on the ground and also caught fire. Mr. Frank Whitley ran to the Grand View Hotel, secured a chemical fire extinguisher and was just dousing the last of the blaze when the hose wagon came on the scene. The firemen responded promptly but their services fortunately were not required.

SCHOOL BOARD MET

The public school board met in the secretary's office on Thursday last.

A communication from J. Dugan of the teaching staff, asking to be removed to McKay avenue school was not considered.

The action of the chairman in calling for tenders for coal was confirmed.

Dr. Ferris was appointed a committee to look after the erection of a flag staff at McKay avenue school.

The following accounts were ordered paid.

Edmonton Express Co. \$ 2.50
J. Milner " " " 9.25
Light account " " " 2.20
Mr. Tracy " " " 67.88
Mason on account " " " 2000.00

E. R. Williams was appointed janitor of the McKay avenue school, duties to begin August 28th.

A request of the Presbyterian church to be permitted to hold services and Sabbath school in the assembly room of the Queens avenue school was not granted.

CITY LACROSSE TEAM

RETURNED FROM THE SOUTH

Week's Trip of the Team—Large Crowds at Lethbridge and Raymond Games

The lacrosse team returned on Sunday night from their tour to Southern Alberta. The team left here on Tuesday morning and arrived in Lethbridge at 2 a. m. Wednesday morning. At 11 o'clock they lined up on the square, the field being right in the centre of the town. The grass was almost worn off, with the football, baseball and lacrosse teams practicing on it continually. Despite the high wind and dust that almost blinded them, an immense crowd had gathered, the home team being regarded as the pets of the town and the reputation of the northern boys having gone before.

For the first time in games played by the Edmonton team, this season, 20-minute quarters were agreed on and a terrific struggle ensued. The Lethbridge team, being in the pink of condition, showed up well and kept control of the ball the greater part of the time. Their field and home played a beautiful game, running, passing and catching while at top speed. The Edmonton defence could not be drawn out and their opponents' home kicked the ability to go in with the ball. The play ranged up and down the field for seventy-three minutes before Lethbridge scored. In a desperate rush to even up the lost streak the Lethbridge goal tender, came out and again was driven in, hitting the goal post. Lethbridge cleared and, after a pretty run, scored the second and last goal, making the game, Lethbridge 2; Edmonton, 0.

Thursday morning at 10 o'clock the two teams and a train load of Lethbridge enthusiasts boarded a special and were soon speeding on the old narrow gauge to Raymond. It being the first day of the Raymond fair and a large excursion having come in from Salt Lake City the previous day, a large crowd was present. About 3:30 Referee Corbett blew his whistle and the spectators were treated to something the great majority had never seen before, the checking was close and rough and numerous players dropped a fence.

The Lethbridge team being very smooth the referee could not catch them at foul plays and a lot of hard feeling ensued that before the close of the game caused a mix up among a few of the players, with the result that a man from each team effected the last two minutes of the game from the fence. The match ended, Edmonton 4, Lethbridge 3. N. Main scored one and Harris three. It was reported that Lethbridge lost \$700 on the game.

Leaving Raymond at 8 o'clock they arrived in Calgary after numerous delays at 12 o'clock the following day. Saturday afternoon at 3 Calgary and Edmonton lined up. The attendance was very poor and the rooting of the spectators was solely of the Calgary kind. Roasts were handed out to both referee and players. They were not so fast as in the south, but such as it was, the Edmonton boys could not get going, and Calgary got the first goal in the second quarter. Then Edmonton evaded up and finally went one better. In the third quarter Calgary evaded up and the spectators enthused wonderfully, freely saying that lacrosse was now started in Calgary. In the last quarter the Edmonton boys worked hard and made several attacks that merited success, pressing the attack so vigorously that the defence were drawn out in their desire to help the home score, and in a fatal moment Calgary had forged ahead, keeping the lead until the finish. Calgary 3, Edmonton 2. Bonfara scoring both goals for the locals.

The southern players are well satisfied with their own country, but if they would only come north and see the green fields, ripening grain, sleek cattle and contented people, they could hardly be blamed for rising in a body and leaving behind the desolate fields, bare hills, dust and wind storms.

Calgary is expected to play Edmonton here on the 1st of September.

REFRIGERATORS

KEEP THE MILK COOL AND THE BUTTER SWEET. Ours are air tight with cleanable flues and thorough cold dry circulation. All packed with mineral wool. Prices ranging from \$10.50 to \$37.00.

A DISPLAY OF FARM PRODUCTS

The Bulletin is desirous of making a window display of Alberta farm products for Inauguration Day, September 1st, and will be greatly obliged if friends throughout the country will send or bring to the office samples of grains, grasses, fruits and vegetables grown during the present season. There will be thousands of visitors in Edmonton on Inauguration Day and the opportunity should not be lost to impress upon them the capabilities of Alberta. For a decade the Bulletin has been telling the world about the qualities of Alberta's soil and climate. We would like now to demonstrate in this practical way that our claims have been justified. Samples brought in will be labelled with the name and address of the producer, will be taken care of and returned if so desired. The season will be sufficiently advanced to make possible a display of ripe grains, grasses, fruits and vegetables of all kinds, native and cultivated and we rely upon our friends to co-operate in making this exhibit thoroughly worthy the occasion and representative of the agricultural resources and progressive farmers of the district.

A REPORT ON ALBERTA FALL WHEAT CROP

Mr. Dan MacGillivray is being sent out by the Federal Government to investigate the fall wheat production and prospect of Southern Alberta. This action it is understood is in consequence of representations made by parties in the south that the average and probable yield of fall wheat in that district was erroneously stated in reports by the Local Government. The people of Central Alberta are by no means without grievance in this regard also. The last report of the Territorial Department of Agriculture gave no record whatever of fall wheat acreage on prospective yield for district No. 12, which includes the Wetaskiwin, Strathcona, and Edmonton districts. It is known that many hundreds of acres of this crop are now ripening and being harvested in this district alone. As the investigation of Mr. MacGillivray is being held in connection with immigration work and as his reports will doubtless be used as immigration literature it is very desirable that these should accurately represent the fall wheat crop of the entire province. Steps are being taken by the board of trade to have Mr. MacGillivray visit Central Alberta also and report on the splendid results of fall wheat production here.

CHICKEN

(Continued)

The cricket match here on Saturday last resulted in a draw. The Strathcona eleven succeeded by their admirable fielding and combined keenness in dismissing the home side for the small score of 34. At this point rain put a stop to further play. Possibly and probably a better idea of the result might have been obtained if the commencement of the match had not been delayed fully half an hour by the very deplorable absence of two or three men whose names were down to play and who had promised to do so. The match, therefore, did not commence till 2:30 at least; whereas if it had started at the appointed hour, Strathcona would have enjoyed half an hour's batting and in that time would in all probability have shown whether they would be able to compile a larger total than that which their opponents had already done. In conclusion we hope that under the circumstances the Fort will consent to this particular cup match being replayed next Saturday. It was unfortunate that the delay and the rain should have deprived our neighbors of making full use of their advantageous position.

ATTENTION, VETERANS

The Imperial Service Medal Association of Alberta has been assigned a place in the Inaugural Parade which takes place at Edmonton on September 1st. It is desired that as large an attendance as possible of members will be present on that occasion. Every man who possesses a medal is asked to join the parade, and signify his intention by communicating with the Hon. Sec. Will Godson, Strathcona, giving the name of his regiment and his service. As it will add greatly to the appearance of the parade, it is requested that as many men as possible take part mounted and in uniform. It is further asked that those who can come on horse-back will please inform the secretary. This Association was formed about ten weeks ago and already numbers over one hundred members. The Indian Mutiny, the Fenian Raid, Indian Frontier, the Wolseley Expedition, the Nile Expedition, North West Rebellion, Matabele and Boer Wars, and many other medals are represented in the Association. The officers of the Association would like to see every man who has served in the army or navy and who holds an active service medal for same, join the Association. They take this opportunity of asking all such to communicate with Will Godson, Hon. Sec., Strathcona, who will be glad to furnish any information regarding the Association.

ALBERTA CROPS

General Superintendent Jamieson has given out the following with reference to crop conditions on the western division for week ending August 16, 1906:

Crossfield—Heavy rain; grain doing very well; no damage reported; prospects good.

Carstairs.—Weather favorable, heavy hail storm Saturday night did some damage; crops otherwise in good condition.

Didsbury.—Weather warm; a few showers of rain and two hail storms, crops doing well; wheat and barley ready for cutting; no damage.

Olds.—Weather cool, frequent showers, hail did some damage in places to miles west; no damage in immediate vicinity crops in good condition, barley ready for cutting; oats and other grains are beginning to get ripe.

Bowden.—Weather warm; several showers; light damage by hail, grain in good condition and beginning to get ripe.

Emtla.—Weather showery; all grains coming on well; no damage. Red Deer.—Light rain Monday and Tuesday, but not heavy enough to interfere with harvesting operations, which have already commenced.

Blackfalds.—Weather warm; light showers; crops in good condition; prospects good.

Lacombe.—Crops doing well, no rain until Monday; no damage.

Ponoka.—Weather fine; no rain; crops doing well; fall wheat and barley soon to be ripe.

Wetaskwin.—Two heavy rains during week; some oats and barley being cut; cutting general next week; crops excellent; no damage.

Leduc.—Weather warm and bright; no rain; nearly all barley cut; harvesting general about September 1; prospects good.

Strathcona.—Weather clear and fine; never better prospects for a heavy crop; no damage.

Okotoks.—Three hours rain; all farmers busy cutting fall wheat; oats and barley will be ready to cut in two days; prospects good.

High River.—Weather favorable; no rain; harvesting general next week; wheat slightly better than expected.

Nanton.—Weather favorable; no rain or damage; all grain mostly ripe; about 45 per cent cut.

Staveland.—Weather good—harvesting about one-third completed; expect threshing to commence Monday next.

Clareholm.—Weather excellent—winter wheat and barley mostly cut; threshing already commenced; big yields reported.

Leaving no rain Crops doing well, and fall wheat being cut; no damage.

Medford.—Weather favorable—about one-third of the crop cut; wheat and barley cutting progressing well.

Taber.—Weather dry and hot—harvesting crops in most of district; crops turning out better than anticipated; expect threshing to commence shortly.

Lethbridge.—Weather warm—harvesting progressing very favorably; prospects good.

Pincher.—Weather fine and warm—considerable wheat cutting done; good yield and sample, oats growing fine.

Cowley.—Weather favorable—seventy-five per cent fall wheat harvested; good sample and yield.

MADE A DISCOVERY

A Brooklyn paper announces a discovery, "Westward from the Province of Ontario," it says, "there stretches the wheat fields of Canada, a person can ride for six days and still not get beyond the broad, never ending stretches of beautiful green, which will soon take on the rich, golden color of ripening grain. Fully 1,200 miles in the direction of the Pacific and 400 miles toward the frozen north the wheat belt extends. The wheat growing areas comprise the Province of Manitoba and the districts of Assiniboia, Saskatchewan, Alberta and Athabasca. The territories contain 385,000,000 acres of land. It is estimated that 100,000,000 acres are fit for wheat cultivation. This statement will be better understood when it is known that this area is equal in that of the States of Minnesota, the two Dakotas, Nebraska, Illinois, Iowa, Indiana, Ohio, and two states the size of Ohio. This section is one great continuous prairie, devoid of trees, so that no clearing is necessary. The soil is rich, black loam of the kind found in the best districts of Illinois and Iowa. Everything is in readiness for the pioneer. All he has to do is to turn a very thin soil with the plow and sow his wheat." Another American newspaper writer, commenting on this discovery,

says: "It is estimated that the wheat crop of Canada this year will be 100,000,000 bushels, and that one-half of it will be sent to England. It is to be hoped that all these anticipations of the future grain production in Canada, will be realized; for the food area of the world will have to be enlarged to feed the people; but no danger to the prosperity of America lies in the prospect of Canadian development. In all likelihood this country in the course of twenty or thirty years will cease to export grain; and in due time we may have to import it. Moreover, the rapid development of the Canadian wheat lands will need immigration, and that immigration will be from the North West, when the Americans will no doubt be tempted across the border."

FOOTBALL

Editor Bulletin:

Sir,—In reference to September 1, we have received a challenge to play Edmonton at football, each team putting up \$50.00. We have very few players to choose from, and the city team should have a big choice, so it is hardly reasonable for us to have to put up \$50 and travel 15 or 20 miles to play a team which should be our superior. But if the city is prepared to put up say \$100 to back their boys we would have a hard try to get it from them, the winning team taking \$75.00 and the loser \$25. Football is a game worth supporting. Won't the city help it along? When we played Edmonton at the Fort, we seemed to have the crowd all right, and if anything they were a little too interested in the game.

I am, sir,

Yours respectfully,
S. H. KELSEY, Secy.
Clover Bar F. B. C.

FIRE AT FRASER'S MILL

The fire bell rang about one o'clock yesterday and a moment later the hose wagon was on its way to D. R. Fraser & Co.'s mill, where the alarm came from.

The fire had started in the east end of the engine and boiler room just beside the smoke stack. The end was pretty well burned out of the building, particularly at the gable. The inside of the room was badly scorched and charred. No damage was done to the boilers or engine as the fire was got under control quickly. It was blazing dangerously near the large engine belt when put out and in a very few minutes more that valuable piece of leather would have been destroyed. It is a question if it was not already injured by the heat.

The company had a hose of their own, attached to the city water works which kept the fire under control until the arrival of the brigade. Had their hose a nozzle it would have been much more effective.

It was a narrow escape from a very destructive fire, as the mill has just been fitted up new and is in first class order. Had the fire got much headway it would not have been controlled as there is so much inflammable material about a sawmill. The origin of the fire is uncertain, but it probably started from the smoke stack in some way. There was a little steam up at the time it began. The firm had a very narrow escape from a very serious loss and it is a matter for congratulation that one of the city's industries was not destroyed.

Inaugural Celebration

Citizens who have one or more rooms which they could place at the disposal of the committee, for the accommodation of visitors to the city on August 31st and September 1st, will confer a favor, and add to the success of the celebration, if they will communicate with the undersigned, making known the number of rooms, and the price expected.

ATTEMPTED SUICIDE

Red Deer Advocate: Alfred Young, of Innisfail, was charged by Sergeant Hetherington R. N.W.M.P., with attempting to commit suicide on Aug. 18th, at Red Deer.

L. C. Palmer Esq., J.P., heard the case.

The prisoner a young man of twenty-three, was defended by his aged father a venerable looking old gentleman, who did his best for the accused by cross examining the witness Dr. Collison, described the case and the state of the man when he was called in.

If the poison had not been pumped off, and an antidote given the case would have ended fatally.

R. Grievs, Chemist, proved selling prisoner a small bottle of laudanum he asked the man if he knew what was enough for a dose.

Neil Millin Police Constable, Red Deer, said that on Tuesday last about 1.15, I saw the prisoner near the Arlington Hotel. He handed him a small bottle on the ground. I picked the bottle up and saw it was marked poison in large letters. Continuing, I took the accused to station and communicated with Mr. Grievs by phone, and then with Dr. Collison, Dr. Collison came and took charge of the man.

F. Pinkerman said, I am employed at the Arlington Hotel. I saw the accused between one and two p.m. Tuesday last, outside on the street, he came from the direction of the Alberta Hotel. He came toward another man and myself, and took a small bottle out of his pocket and said, "I am going to poison myself," and placed the bottle to his mouth, and then threw it away. I afterwards saw the word "poison" on the bottle. The bottle produced looks like the bottle. He did not look drunk. Cross examined, do not know if he drank any of the contents of the bottle. This closed the case. Prisoner was asked if he had anything to say, and answered "No Sir". He was committed for trial.

News in Brief.

John Stauffer, from Ohio, was robbed of \$265 by pickpockets at the Winnipeg depot.

Manitoba farmers are getting anxious about harvest help, as the course grain is maturing so rapidly that it will be ready before the ex-cursionists arrive.

Canadian authority is now fully recognized in the portion of the Arctic ocean known as Beaufort sea at the mouth of the Mackenzie river as well as further east in Hudson's Bay, and the adjacent waters. The Mounted Police patrol Beaufort sea in small boats and have thoroughly established jurisdiction over American sealers and whalers who frequent that remote region.

Two Canadian records were broken at the police games in Toronto Friday by Constable E. Desmarceaux, of the Montreal police force. In the long throw with the 56 pound weight, Desmarceaux established the new mark of 36 feet 4-1/2 inches, and with the same weight, high throw, the record of 15 feet and a half inches, in both events. Desmarceaux's brother, also of the Montreal police force, was second.

One of the leading financial men of the world, Thomas F. Ryan, of New York city, who recently purchased the controlling interest in the Equitable Life Assurance company, of New York, was in Winnipeg last week. Mr. Ryan was in a private car, the Erie Marquette, which was attached to the rear of the C.P.R. express. He was accompanied on his trip through the west by Judge Morgan, a stock holder in the Equitable. He will look into prospects for company's investments in the Canadian west, where so much money has been made by Iowa and Minnesota capitalists, owing to the rapid rise in land values.

FARM PROPERTY

Township 44

S. W. 1-4 27-44-23 surface rolling; some brush, soil black loam.

Township 46

N. E. 1-4 26-46-21, surface rolling; some brush, soil black loam.

Township 49

S. 1-2 35-49-1 West of 5th Meridian.

E. 1-2 35-49-1 West of 5th Meridian.

This land is in the Strawberry Creek country, west of Leduc; splendid soil.

All Section 8, and W. 1-2 9 in 49-18, 960 acres, choice open land; easy terms.

All 6-50-16, choice soil; slightly rolling; some timber close to crossing of Canadian Northern and Grand Trunk Pacific.

Township 50

N. 1-2 15-50-15 Vermilion River runs through this land with some small timber along its banks, otherwise it is clear; slightly rolling, soil black loam.

W. 1-2 and N. E. 1-4 of 4-50-18; some small brush on part of it, nice creek runs across one quarter; soil black loam.

2-1-2 25-50-18, surface slightly rolling; some bunches of brush, good soil; half mile from school; church at corner; a splendid half section;

S. E. 1-4 23-50-18, some bunches of brush, good deep black soil, a splendid piece of land.

S. W. 1-4 13-50-1, West 5th Meridian. This land is in the Strawberry country, west of Leduc; splendid soil.

All Sec. 25-51-14 and W. 1-2 and S. E. 1-4 Sec. 30-51-13, 1120 acres of fine land two miles from the main line of the Canadian Northern.

All Sec. 17-51-15 in the Vegreville District; fine soil, nearly all open.

Township 51

Fractional S. 1-2 15-51-12 (277 1-2 acres) surface slightly rolling; C. N. E. cuts 2 acres off N. E. corner, soil black loam, nice deep lake in one corner of land.

S. W. 1-4 22-51-15 surface slightly rolling, some brush on part of it, soil black loam, a nice piece of land.

N. W. 1-4 21-51-12 slightly rolling, good black loam soil.

N. W. 1-4 23-51-13, slightly rolling, good black loam.

E. 1-2 Sec. 13, Tp. 56, R. 26, slightly rolling, black loam, clay subsoil, 20 acres meadow; choice half section covered with peavine and vetch.

W. 1-2 23-56-26 surface nearly level, black loam, choice piece of land, 1-2 mile from P. O.

Township 52

N. 1-2 and S. E. 1-4 28-52-26, nearly all open land, soil black loam, surface gently undulating, choice piece of land; will sell separately or en bloc.

S. W. 1-4 25-52-26, nearly all open land, and easily broken, fairly level, good log house and walls of logs for stable.

S. W. 1-4 34-52-17, some small brush and bunches of poplar, soil deep black loam, a splendid piece of land near Beaver Lake and about 6 miles cash balance in three yearly pay-from C. N. R.

N. E. 1-4 8-52-1, west of 5th Meridian.

S. E. 1-4 17-52-1, West of 5th Meridian.

N. W. 1-4 17-52-1, West of 5th Meridian.

Some improvements on part of this land: some brush, and some bunches of poplar on parts of it, the whole or part of it may be sold.

Fractional S. 1-2 28-52-23, one mile on river front; slightly rolling, black loam, log house, 1-1/2 stories; all fenced with wire; a choice piece of land in a good locality.

S. 1-2 24-52-15, fine land, Canadian Northern within one mile.

Township 54

N. W. 1-4 30-54-26, 55 acres under cultivation; all fenced, 50 to 60 tons hay can be cut on land; log grainery; a good piece of land.

N. E. 1-4 28-54-25 and S. E. 1-4 33-54-25, 60 acres under cultivation; nearly all fenced, some buildings, would make a good stock farm.

N. E. 1-4 of 15-54-11, a splendid quarter, every foot can be farmed; good locality.

Township 55

E. 1-2 20-55-25, 100 acres under cultivation; all fenced, mostly with wire, good frame house, log barn 70 x 30 feet, good well, soil, deep black loam, a splendid property.

N. W. 1-4 2-55-26, all fenced and cross fenced, soil black loam, nice creek runs across the land, 90 acres under cultivation; good frame house, stables and granaries of logs, good well, a splendid farm, 3-4 miles from school and post office.

N. 1-2 31-55-18; E. 1-2 55-18; W. 1-2 35-55-18, close to C. N. R.; soil black loam with some brush and small poplar on them, will sell separately or en bloc.

Township 56

N. E. 1-4 8-56-23, 55 acres under cultivation, 75 acres in crop; 300 fenced, frame house, 18x20 and addition 14x14, log barn 24x24; surface level, soil black.

N. W. 1-4 30-56-26 and S. W. 1-4 4-56-26, 125 acres under cultivation, good frame house, other buildings, logs, good well, all fenced, a splendid farm.

River lot 27 in the Edmonton district, 158 acres; 75 acres cropped; frame house, 6 rooms, stabling and grainery, 2 good wells. Coal along the river, all coal rights go with the farm.

CRAFTS & LEE

LORD CURZON RESIGNS

SUCCEEDED BY LORD MINTO.

Curzon's Trouble With Kitchener
Supposed to be the Real Cause of
His Action

London, Aug. 21.—Lord Curzon has resigned the viceroyalty of India, and Lord Minto has been appointed in his place. The experience of the latter in Canada and the fact with which he handled difficult questions there is generally regarded as assuring his success in wider fields. Curzon's resignation is attributed to ill health, but it is doubtless due to his difficulties with Kitchener regarding the control maintained by the Indian Government over military affairs, and which the commander-in-chief claimed hampered him in his work or re-organization.

Appointments and Notices

The current issue of the N. W. T. Gazette gives notice of the following appointments &c.:

R. L. Boyle, Crossfield, justice of the peace.

H. M. Cherry, Calgary, A. G. Austin, Calgary, A. A. Jones, Edmonton, commissioners for taking affidavits.

W. A. Black, Claresholm, issuer of marriage licenses.

W. H. Armitage, B. F. Blackburn, R. G. Morris, Mannville, M. Dunsford, Langdon, game guardians.

Notice is given of the following school districts, the names attached being those of the senior trustees:—

PRINCE ALBERT FIRE

DESTROYS KIDD'S FLOUR MILL.

An Early Sunday Morning Blaze Does
\$25,000 Damage—Fire Engine Disabled.

Prince Albert, Aug. 21.—At about 1 a.m. Sunday, fire broke out in Joseph Kidd's flour mill, causing a loss of \$25,000 with insurance \$15,000. The brigade got out promptly, but in taking the engine down the river bank, it got away and was rendered useless. A bucket brigade was formed and by strenuous exertions succeeded in saving the Windsor Hotel and the adjoining buildings which at one time appeared doomed.

CITY OF EDMONTON

Notice of proposed Municipal Improvements.

Public notice is hereby given that after the expiration of two weeks after the 28th day of August, 1905, (being the date of the last publication of this notice) the Municipal Council of the City of Edmonton intend to grade McKay avenue, between First street and Second street as a local improvement to be paid for by way of special frontage assessment to the extent of the full cost thereof.

GEO. J. KINNAIRD,
Secretary-Treasurer,
August 21, 1905.
dy 193 and 199 chg.

NOTICE.

To whom it may concern:

Take notice that the Council of the City of Edmonton intend to pass a By-law for the closing of that part of the highway in the City of Edmonton known as First Street being 20 feet in width lying on the Hudson's Bay Reserve along the west side of the centre line of said First Street, and running from the south side of College avenue to the north side of the highway known as Ross Grade and for the selling the said portion of said First Street to the Edmonton Inland Railway Company, Limited.

And take notice that the Council intend to pass such By-law after at least two weeks notice of the council's said intention has been served upon persons registered or assessed owners of the lands situate upon this said portion of said First Street and after this notice has been published in at least two weekly issues of the Edmonton Bulletin.

And take notice that any person who claims that his land will be injuriously affected by the passing of such By-law and who petitions to be heard will be afforded an opportunity to be heard by himself or his agent in relation to the proposed By-law.

Dated at Edmonton, this 12th day of August A.D., 1905.

GEO. J. KINNAIRD,
Secretary-Treasurer,
City of Edmonton.

AN A1 INVESTMENT
An Adv. in the "BULLETIN."

With the Peace Makers

[H. F. Gadsby in the Toronto Star] Portsmouth, N.H., Aug. 14.—Small potatoes and big, there must be one hundred and fifty newspaper correspondents gathered at the peace conference. For the first three or four days they could not do much but re-tell the guesses that were in the air and the posturing of the attaches. Now that the conference has decided to give out a certain amount of legitimate news each day—no matter how little—the correspondents will have something on which to base their interesting speculations. Some of them who are well versed in the game of diplomacy, like Dr. Morrison of the London Times, for instance, will be able to read between the lines of these cautious official statements and interpret the trend of discussion almost as accurately as if they were present at the council board.

A very jolly little Japanese gentleman, Mr. Sato, who is attached to the legation at Washington, has been assigned the task of telling the newspaper men what takes place each day in the council room of Storehouse No. 23, Portsmouth Navy Yard. He will present himself with his own convenience and that of the newspaper men by giving out his budget at the Hotel Wentworth, where the arrangements for transmitting news are well nigh perfect. The men who are on the keys are as famous in their way as the journalistic stars who will supply the material to keep them busy.

Among them are some of the most experienced and code operators on the continent. All languages are alike to their nimble fingers. Russian, Japanese, French, Italian, English, so long as the copy is written in the Roman letters or civilized nations. Samura can send a wire to Tokyo or write to St. Petersburg by simply going down one flight of stairs. They are not likely to go anything like that at the Wentworth for two reasons. One is that it would afford the newspapers a chance to make wild conjectures, and the other is that the cable arrangements are even more complete at the Navy Yard than they are at the Wentworth. By simply going into the main room the envoys can reach their royal masters by direct wire, and need say anything about it. The privacy of the envoys at the Navy Yard is absolute. The store building is in the middle of the yard; the yard is on the island; the island is, as one might suppose, surrounded by water, and the approaches are guarded by marines so vigilant that the Roman sentinel of the story would have to blush at his comparative negligence. More than that, Admiral Mead's rules about press make the laws of the Medes and Persians look like hollow utterances. On the whole it is highly probable that when the envoys have anything of importance to cable they will do it at the Navy Yard, where they are free from embarrassing espionage.

The telegraphic arrangements are so elaborate as to seem disproportionate to the amount of news that will go over the wires. Mr. Sato, good fellow as he is, will not tell any more than is advisable, and one may be sure that it will be a long way short of the report made by the secretaries in French and English. Reporters may coddle and wheedle, but the effort to pierce that smiling reticence will be vain. Some extra news will leak out of course, if the Russians or the Japanese think they can score a point that way, but these underhand methods will be applied cautiously, both parties to the conference will be anxious to stay, with their hands on their hearts that they never told tales out of school. The fact that the envoys mingle freely in the social life of the hotel does not make them any more accessible to the correspondents. Mr. Witte has handed out a few statements with the idea of influencing the course of the debate, but when he likes he is unapproachable. Baron Rosen can wrap himself up in coy reserve on occasion. The Japanese envoys are even more secretive than the Russians. They do not try to dodge interviewers, but give them no satisfaction. The art of standing off a reporter and keeping friends with him at the same time is the invaluable asset of great statesmen. Sir Willfrid Laurier possesses it in a high degree.

THE NEWS IN BRIEF

Lady Lafontaine is dead at Montreal.

Four thousand harvesters left yesterday from Toronto for the western fields, in six trains.

The Mounted Police are investigating a murder at Cat Lake Keewatin district, committed last April.

The American yacht won the final race for the Canada cup, by over two minutes and the cup stays in Rochester.

Two hundred housekeepers went through North Portal on Wednesday and Friday, all bound for north of Moose Jaw and Alberta points.

After all the great outcry, not one dollar of the extra seasonal indemnity was refused. The accountant's books are closed and all the \$213,000 has been paid out.

Prince Louis of Battenburg and his staff officers and 140 blue jackets will visit Toronto with four naval guns August 29. The sailors will give exhibitions at the fair.

A movement is on foot at Medicine Hat to establish a linseed oil factory and combine therewith an equipment for utilizing the flax straw in the manufacture of binder twine.

A young man named J. A. Crawford was arrested at Victoria, B.C., for passing several small cheques and made an attempt to commit suicide by slashing his throat with a pen knife while being taken to the lock-up. The wound is not dangerous.

Stephen Lawson, a middle aged man, was found dead in his room at the Imperial hotel, Toronto. He had been suffocated by gas. He had been drinking heavily last week, and it is thought that while under its influence he set the jet half turned on by accident.

The Toronto live stock market is active. There are many cattle, but the offering is of poor quality. Good cattle soon sold. Export \$6 to \$6.50; butchers \$4.50 to \$5. Good stock cattle are wanted, trade inclined to be brisk. Prices held steady. Stockers, \$2.50 to \$3.50; feeders, \$3.50 to \$4.

The Winnipeg council has started a campaign against owners of houses who break the sanitary bylaws. Seven hundred were notified to do away with rat closets and make connection with sewers and waterworks. Four hundred failed to comply. Summonses were issued for the entire number to answer in the courts.

Replying to the report that the suspension of digging operations on the Panama canal has been caused by the exhaustion of the congressional appropriations for constructing the Isthmian waterway, Theodore Shonts, chairman of the Panama canal commission, said, "It is not true that there has been any shortage or that our plans for forwarding the work on the canal were delayed for lack of money. The question of funds has not interfered with our plans at Panama in any way. When last the commission met to project work on the canal there was still a surplus of about \$1,000,000, which would have been left over on the first of next January out of the funds then available. Since that time the surplus has been expended in the purchase and equipment of two steamships. No financial difficulties that I know of have since arisen. There is scarcely a possibility that the work could be impeded by lack of funds, because the commission has the right at all times to contract against the appropriation of congress."

The conditions under which my Pharaoh Cigar

is made are ideal. We have a contented little community of our own, that is not worried by outside conditions. The wholesome, country-town life that we live, tells in the quality of our work.

Every employee in my factory has his whole heart in his work. From the oldest workman, who started with me when I had a small room for a factory, a big bunch of enthusiasm and a high idea of quality, down to the lad who just joined us the other day, every one is putting the best that is in him into his work.

Under such conditions it is no wonder that my Pharaoh is the best ten cent smoke on the market. We are all working with the one object—to produce the best cigar possible.

I go to Cuba every year and buy the best tobacco produced. I know that every leaf that comes to my factory is right. My workmen see that every roll they give it will help make it a perfect, even-burning smoke. It is a combination that's hard to beat.

None genuine unless branded "Pharaoh." Price 10 cents.

A COLONIZATION SCHEME

Toronto News: "The I. O. F. has a couple of hundred thousand acres of land on which settlers will be entering inside of two months, and when the rush comes next spring every bit of it will be taken up." Dr. Granlytekhka, Supreme Chief Ranger of the I.O.F. when seen last night spoke in this confident tone of the new land scheme, which was adopted recently by the Supreme Court. "These lands," he continued, "are located between Brandon and Edmonton, along the lines of the Canadian Northern and the new branch of the Canadian Pacific. Some is Government land, but the most of it is railway lands, to which we get a clear title. The railway lands are better than the other, as a rule, and we have a selection from these, so that a large part of our land is doubly selected, and I am advised that we have some of the best land in the Northwest. These lands were acquired before the rush in the spring of last year, by a syndicate privately formed by a number of our leading men, but on the understanding that the Order should be offered the opportunity of taking them over. This the Supreme Court has approved of, but if it had not, there were plenty of the members who would at once have bought up the land.

"The financial success of the investment is already assured, for the lands have even now more than doubled in value. We have sold some at \$10 and \$12 and in a very few years we shall get from \$20 to \$30 per acre. The financial aspect is the chief one, though there is the fraternal and patriotic side also. But our Order is unique in having over \$1,000,000 of revenue seeking investment. There is a constant flow of money into our surplus which must be invested, and by the plan now adopted, instead of getting 5 or 6 per cent., we shall receive 10 to 20 per cent., and we shall have gilt-edged security at that. Not only are the lands bound to continue rising in value with the influx of population, but we shall make doubly sure of this by selling only the alternate sections. As these are cleared and cultivated the adjoining sections must necessarily reap the benefit. Then, also, while extending aid to deserving settlers, the interests of the Society will not be endangered as security will be retained by the retention of the title deeds of the land and liens on buildings and implements. Besides, every bit of work done on the land makes security by increasing its value.

"When the success of the scheme has been proven, and we are quite confident about that, we shall go on and acquire more land, and carry on our operations on a continually enlarging scale. We have consulted some good financiers on the subject, and they consider the prospect very safe and promising, and some of our chief officials believe that the profits will in time be sufficient to pay all the management expenses of the order.

"None but members will be allowed to settle, that is, present members, and those who are ready to become such. That will mean a great deal. In the first place, all members must have insurance, which necessitates their being up to a certain physical standard. Then character is always considered, and we hope to get a class of moral and intelligent men. The settlers will come from all over. The Order is international, and the land proposition will be well advertised wherever we are established. There will be a great many come from the United States, some from Great Britain, and we hope to get a large number from Scandinavia, where we have become established, and whose people make the very best of settlers.

"You can imagine what an advertisement this scheme will be for the Canadian West. To many of us the enterprise is a patriotic one, nearly all the chief officials of the I. O. F. being Canadians. We want to see the country settled up, and also see a good class of men going on the land. This is the first case of a fraternal society undertaking such work. While we shall no doubt get a lot of settlers who will not need assistance at all, the Order will give assistance for a year or two, when necessary, for the purpose of helping men of a deserving character to get settled on land and build up homes of their own. The whole scheme means, of course, that while securing a good financial investment for our funds, we are not only doing splendid fraternal and also patriotic work, but will besides be making the Northwest an I. O. F. country, as the thousands of settlers we bring in must all be mem-

bers and their influence in securing additional members will be very important. We are appointing a board of directors, whose names when published will ensure confidence in the undertaking. They are largely public men, and had no hesitation in accepting positions on the directorate when the plans were explained. These names will be published in a few weeks."

NAMAQ NEWS

Namook, August 17.—The A. S. of E. or Farmers' Union held a picnic yesterday on the Presbyterian grounds. There was a good attendance. Addresses explaining the purposes, possibilities and work of the union were delivered by Mr. Keen and Mr. Owens of Riviere Qui Parre. The young men chose up two teams and played a game of football which was rather evenly and quite keenly contested. There was a booth on the ground at which ice-cream, fruit, etc., was sold. Harvesting has begun. Some barley has been in the shock over a week on D. B. Wilson's farm. Some wheat has been cut.

The Sturgeon Rifle Club has taken new life. Mr. McCue is captain and H. Bell first lieutenant. There are about forty members and they have had three very interesting "shoots" lately.

Several of our young men have been homesteading in Lloydminster neighborhood. They speak very highly of the country.

LOCAL

—Duck shooting begins on Wednesday.

—Saskatchewan Liberals decided on a straight party contest.

—The new Grace Methodist church will be opened on Sunday next, Rev. G. Kirby of Calgary, preaching morning and evening.

—Decorate your place of business for September the first. Let the city put on its glad clothes for the greatest occasion in Alberta's history. It isn't every day we make a profusion.

—Mr. Reekie, who is to take charge of the east end Presbyterian mission, occupied Rev. MacQueen's pulpit yesterday. Miss Jessie Potter sang a solo in the evening in a delightfully sweet voice.

—The Imperial Hotel property, Calgary, changed hands Friday afternoon. Mouldie and Co. purchased the hotel and the property adjoining from Mr. Charlebois. The price paid was over \$250,000.

—The Ladies' Aid Society of the Baptist church will hold an ice-cream social on the grounds of Mrs. Beals tomorrow (Tuesday) evening. Proceeds will be in aid of furnishings for the new church.

—C. O. Swanson, one of the Dominion Government immigration agents in the States arrived in Calgary Saturday with thirty settlers from Iowa and Nebraska. The most of them were bound for the Wetaskiwin districts.

—The Brandon Binder Twine Co., Limited, has decided to cease business owing to the inability to successfully meet the keen competition. It was a co-operative concern, the stockholders being principally western farmers. Assets, \$65,000; liabilities, \$10,000.

—The National Trust Company is the first business place in the city to decorate. Their building is being wired this morning for an attractive electric display. Decorating will be the order of the day this week and next. The frame work of the arches will be erected this week.

—The case of Tuck vs. Walright for slander was dismissed by Magistrate Wade. The magistrate held that the evidence was so conflicting and it was so apparent that both parties were more or less in the wrong, that about the only course to take was to allow each to pay his own costs.

—The circus performance on Saturday was interfered with somewhat by the rain. Some parts of the show were very good. Its weak part is the clowns and they were "clowns" in very truth. Their performance was dull-witted and tiresome to a degree. The acrobatic performance and juggling with hoops and bats and balls and beer kegs were good.

—Wetaskiwin Times: A petition was circulated and largely signed the first part of the week requesting Peter Talbot, M.P., to address a meeting of the electors here, upon the chances of the school question at an early date. Mr. Talbot will doubtless acquiesce to the prayer of the petition, and we hope to announce the date of the meeting shortly.

—Saturday night Fred, Cox of Mountain View, near Cardston, Alta., was killed. The horses ran away with the rake, the tongue broke, and the remaining were stuck in "the ground," thus throwing the rake over onto the unfortunate man. When help arrived he was almost dead. His parents live at Neph, Utah. Mr. Cox was a home-steador in Mountain View, a hard working man, and highly respected by the community.

C.N.R. ENGINE DITCHED

BY SPREADING OF THE RAILS

Engine of a Gravel Train Tock the Ditch—Fireman Dies of Injuries—Engineer Will Recover.

Winnipeg, Aug. 21.—Spread rails caused an accident on the Canadian Northern five miles past off St. Boniface whereby the engine of a gravel train was ditched, severely injuring Fireman John Kennedy and Engineer E. D. Powers. Kennedy was removed to St. Boniface hospital but died from his injuries on Sunday. An inquest will be held. Powers will recover.

BALL GAMES

Winnipeg, Aug. 12.—Saturday's game: Winnipeg 4, Fargo 1, second game; Duluth 2, Superior 1; Grand Forks 3, Crookston 1. First game: Crookston 3, Grand Forks 2, second game.
Sunday games—Superior 8, Duluth 3, first game; Duluth 3, Superior 6, second game.

"BILLY" COMING WEST

Toronto, Aug. 21.—W. F. MacLean announces his intention of taking part in the inaugural ceremony and may speak in the West. He will reach Winnipeg on Saturday.

THE CZAR IS POPULAR

St. Petersburg, Aug. 21.—The manifesto authorizing a popular assembly has been well received. Should the negotiations at Portsmouth be broken off sympathy will be with the government for the prosecution of the war.

PERSONAL

J. A. Stovel leaves tomorrow for Winnipeg.

Judge Scott came in today from Cooking Lake.

C. de W. Macdonald returned from a trip to the south last night.

Mr. J. A. Burkholder left last week to visit in Tacoma, Washington.

Mr. Robert Inglis, of Montreal, president of the Edmonton Street Railway Company, is in the city.

Mr. Wm. Janson, authorized special American correspondent of the Swedish Associated Press is touring Canada and will visit Edmonton.

—The three editors of the Calgary papers tendered their resignations to Secretary Peterson, as members of the exhibition directorate. This course was taken because the editors considered unfair the reflections cast upon them in their absence by certain directors in connection with the publicity given the gambling scandal at the exhibition.

—The young men's meeting in Sandison's hall last evening was largely attended. Addresses were delivered by Mr. Alken, of the Y. M. C. A., and Mr. Reekie, who is to take charge of the Presbyterian mission. Both addresses were excellent. A number of the young men present also spoke briefly. It was decided that 8:15 p. m. was the best hour for meeting, so that time is fixed for the future.

—Mr. Cy. Warman, well known to Canadian readers as the writer of interesting railway stories has published a pamphlet entitled "The White Elephant" in which he sets forth in a very entertaining manner his views on the Government operation of railways and the reasons for these views. Mr. Warman is an old "railroader" and since giving up the road has travelled all over America and Europe. He should thus be in a position to speak with some assurance and watch on railway matters generally.

—Strathcona Chronicle: The annual meeting of the Strathcona curling club was held in Mr. H. Sanderson's office on Monday night, a fair number of curlers being present. For the ensuing year the following were elected as office bearers: Patrons, Lord Strathcona and P. Talbot, M.P.; Hon. Pres. A. C. Hetherford, M.L.A.; Pres. G. E. Dawnes; Vice-Pres. F. H. Sachs; Sec.-Treas. E. T. Boines; Committee, Rev. W. R. George; committee, T. Tipton, J. M. Douglas, W. H. Sheppard, J. G. Tipton and R. B. Douglas. It was resolved that the fee be \$10.00. After considerable discussion it was resolved that the committee be instructed to interview the rink association directors with a view to having a three sheet curling rink erected adjoining the present hockey rink.
